

- In this presentation, I'll guide you through the process of modeling and rendering Rapunzel's tower, showcasing each step in its creation.
- Tools used: 3ds Max for modeling, V-Ray for rendering.

Phase 1: Concept and References

I want to create some thing different from my work, such as traditional interior and exterior design .

• Phase 5: Rendering

## Conclusion

Modeling and rendering Rapunzel's tower was an exciting challenge that allowed me to apply my skills in both technical 3D modeling and creative design.

## Thank you for your attention!
